Remembrance Day

Students conduct activities on remembrance to reflect on the importance of this day. On this day, students made poppy flowers as their craft activity, as it is a significant symbol for Remembrance Day.

FACTS

- Remembrance Day is also known as Armistice Day and Poppy day
- The armies stopped fighting WWI on November 11 at 11 am in 1918
- The first wreath is laid by the Queen on this day

NATURE EXPLORING

This fun activity was ideal for the fall, mid-November weather, with all the different types of leaves on the ground to all the various nature species. Students were given a paper bag to collect six unique things from outside. The students presented their objects and sorted them accordingly with shape, texture etc. This activity developed many skills such as fine motor skills, cognitive skills, social skills, sensory etc.

Lego Activity Lego activity stimulate the children's natural curiosity to explore together and learn through play and give them the social skills to collaborate and communicate with each. Children build a lego aeroplane
